HON. JOHN SHENICK.

Hon. John Shenick, a Chicago Alderman residing at 220 So. Peoria St. owes his election to Chamberlain's Cough Remedy. We will let him tell it: "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council, for had I not been able to continue my meetings, I would not doubt have been unable to secure sufficient votes. Since that time I have praised this medicine to dozens of my friends. My wife has also used it and we find it a valuable household remedy."

## LOCAL INTEREST

**AFTER BLOODED STOCK.**—Wallace Macdonald of Mesa City will leave today for a trip to Kansas and Missouri. He will be gone sometime but when he returns he will bring with him a lot of thoroughbred stock. He expects to buy among other things a thoroughbred Percheron or Shire stallion and some good dairy stock. He is also commissioned to buy several head of Guernsey or Shorthorn cattle for his neighbors.

**A SIGN OF SUMMER.**—The first centipede of the calendar year made his appearance in the office of the sheriff last night. There was none of the stiffness of winter about him. He was about eight inches long, a good dimension for this season of the year. Experts were of the opinion that he was not of the vintage of 1904, but had been left over from the stock of last year. At any rate his appearance was considered unseasonable and he was dispatched.

**A NEW YEAR ENDED.**—The Chinese New Year festivities which have had a run of just two weeks came to an end last night with a lavish display of fire works. The closing scene was witnessed and heard by a considerable part of the population of Phoenix and by many of the eastern tourists. It is suspected that the extraordinary demonstration of the American Chinese is made rather for the entertainment of outsiders than because it is in conformity to religious or national practice.

**AS TO CARNIVALS.**—The general public has become confused by the multiplicity of carnivals on earth at this time and Phoenix people especially have got mixed up. They don't know whether there is to be a street fair, a show ground carnival or whose carnival it is to be. The city marshal stated authoritatively yesterday in answer to a direct question, that the Dixie Carnival company will be here today and all week, showing on the vacant block at the intersection of Washington and Fifth streets and that the Southern Carnival company that showed here last, will be here in April, it being the organization which recently secured from the city council the privilege of using the streets.

**THE MOTOR BALKED.**—Mr. Chas. A. Chase, Dick Newton and Miss Helen Newton of Philadelphia and Oscar Roberts of Phoenix went to Tempe yesterday in an automobile. That kind of a conveyance was suggested by Mr. Roberts who had never strode an automobile. He wanted to make an experiment. He had frequently observed with admiration the high speed of an automobile is capable of attaining and it struck him that it might be employed to advantage in steer tying. The automobile reached Tempe without incident but when it got into town it stopped. Mr. Roberts did not know what was the matter with it. It might have thrown a shoe or something but anyway it wouldn't go and that was all there was to it. The chauffeur spoke encouraging words to it until the town officers came around and reminded him that people were passing on their way home from church. The party hired the only unemployed rig there was in Tempe and returned to Phoenix.

**TERRIBLY ABUSED.**—Five hoboes were sent to the municipal bull pen on Saturday for twenty days each. The case of one of them illustrates what the police are up against sometimes and how they have to depend on their judgment even if it should chance to be wrong. This man was brought in by Officer Kaufman about 2 o'clock Saturday morning. By the time he reached the station house he was furious. He said he was an honest man and a man with a family. He was doing his best to support them and was up early and late looking for work. He said the blankety blank bluecoated brass buttoned upstarts that were around picking up honest men and throwing them into jail ought to be in better business and as far as he was concerned he proposed to see that the man who pulled him got his just deserts. He said it was a high-handed outrage, a travesty on justice and the persecution of a law-abiding citizen of the United States. He had committed no crime except to be industrious and energetic in an effort to care for himself and those dependent upon him. After he had been locked up Officer Barnett slipped up to a window of the jail unobserved, just to listen to the conversation that might ensue between

## The Law

Of health has no uniform guardians of its peace. If it had there would be arrests innumerable in every restaurant every day of the year. Both in the quantity and quality of the food they eat and in the manner of its consumption men and women each day against the laws of health. Those who will not heed Nature's warnings cannot escape her punishments, and dyspepsia or stomach "trouble" is the inevitable penalty of careless eating.

There is no other medicine for diseases of the stomach and allied organs of digestion and nutrition which can compare with Dr. Pierce's Golden Medical Discovery. It cures these diseases perfectly and permanently, and enables the whole body into vigorous health.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carver, Esq., of Taylorsdown, Louisiana, Co. Va. "It did me so much good that I didn't take any more. I can eat most anything now. I am so well pleased with it I badly know how to thank you for your kind information. I thought I would try a bottle of it. I am glad I did. For I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cure constipation.

the "steamed" citizen and the other hoboes previously jailed, of whose standing in society there was no possible doubt. What Mr. Barnett heard was in substance about as follows: "Hello Bill, You here? Well, you ought to have heard the talk I gave that copper, dash him, but it was no use, dash him. He wouldn't stand for no kind of a bull con, the blankety, blank, blank, but you bet ye if I had thought I could have made it at all I'd have given the blankety, blankety blank the biggest run of his life."

You don't know what you're missing if you haven't tried TOBOGGAN.

Victor talking machines should be in every home. Sold on easy payments. E. L. Andrews & Son.

## PERSONAL.

Mrs. Lizzie Sable left for Lawrence, Kansas, this morning with the body of her daughter.

Luther Hunnicutt was a passenger for Pueblo on this morning's S. F. P. & P. train.

J. W. Herscher left on this morning's S. F. P. & P. train for Chicago. Those registering at the Commercial hotel yesterday were: David Orledge, of Concho; P. J. Cole, Globe; F. J. Wadley, Detroit; J. N. Carroll and wife, Dallas; R. B. Peters, Chicago; C. C. Fouts, Middletown, O.; Wm. McMillan, Reno, Nev.; J. W. Powell, California; I. I. Litwisky, Philadelphia. Those registering at the Fort hotel yesterday were: Wm. Goodfellow, Pueblo, Colo.; Charlotte White, Lida White, Hannibal, Mo.; A. E. Macomber, Williams, Ariz.; Mrs. J. S. E. Young, Mrs. E. Stephens, Henderson, N. C.

Those registering at the Hotel Adams yesterday were: J. A. Ellison, Chicago; J. R. Biggs, Philadelphia; J. M. Crombie, Detroit; H. H. Morris, Los Angeles; E. W. Wiggins, Mrs. Jane Wiggins, Will J. Wiggins, Detroit; H. Whetstone, Milwaukee; E. F. Sweeney, Seattle, Wash.; E. G. Adams and wife, Boston; I. I. Litwisky, Philadelphia.

Only \$2 down on a Victor talking machine at E. L. Andrews & Son.

## PUBLIC SCHOOL MATTERS

**A Strained Condition of Affairs in the City of Douglas.**

The following self-explanatory correspondence has been handed in for publication by Frank Shirley respecting public school matters in the city of Douglas:

Douglas, A. T., Feb. 19, 1904.  
Frank Shirley, Phoenix, A. T.:

Dear Sir—We have been having trouble here with the public school officials in securing for our children the same privileges as are enjoyed by the white children, viz., being allowed the same room and teachers as the white children. We presented in writing our troubles to N. G. Layton, superintendent of public instruction, who answered us as follows:

Mr. Geo. Manrol, Douglas, A. T.:  
Dear Sir—In reply to your communication of the 19th inst. will state that the school laws of Arizona prescribe that "no child shall be refused admission to any public school on account of race or color." See page 35, section 5, school laws of Arizona. Respectfully,  
N. G. Layton,  
Superintendent Public Instruction.

In reply to above we have written him as follows:

N. G. Layton, Phoenix, A. T.:  
Dear Sir—We presented your letter to Prof. Grindell of the public schools here and he politely told us that he could do nothing for us. Our children were placed in a separate room, but given no teacher. As we hate to go to law about it, what can we do? There are about thirty of us colored folks here, and as we pay school taxes it is not treating us right the stand that the trustees and principals have taken. Hoping that you will not consider his "kickers," but as parents looking to the welfare of our children, and also that you will see that matters are adjusted at an early date, we are respectfully,  
THE COMMITTEE.  
Geo. Manrol, chairman.

Rugs of all sizes, every one a perfect specimen of the best Indian work at The Curio, opposite court house square.

## THE SCHOOL HOUSE.

Oh, make the school house beautiful By hill and plain and sea! Delight within and bloom without—Picture and flower and tree.

For the boys and girls, while life shall last, And wherever their steps may fare, Will remember the lovely, joyous place, Or the house forlorn and bare.

And the lore they gained, and the precepts heard, And the patriot songs they sang, Will be treasured still if the spot was dear In the days when life was young.

Let the guelder-rose and the lilac bloom In welcome by the door, And the turf be green and the path between, And, above, the bright flag soar.

And paint the elm for its regal shade, And the pine for its boughs of balm, Magnolia with its lustrous leaves, And the jasmine, by the palm;

For tree, and flower, and pleasant song, And the tale by the pictures told, Will help full many a youthful heart To turn life's gray to gold.

Then make the schoolhouse beautiful By hill and plain and sea, For the school is shaping year by year.

—Edna Dean Proctor in Youth's Companion.

"The man who called here this morning," said the secretary, "said that you promised him something."  
"Well," answered Senator Sorghum, "and what it was and then assume the responsibility of promising it over again."—Washington Star.

## MUNYON'S PAW PAW

The Great Natural Remedy for Indigestion and Stomach Troubles

**CURES NERVOUSNESS**

Alcoholic Stimulants Lift, but Let You Fall; Paw Paw Lifts and Holds You

Hundreds of People Declare in Favor of Paw Paw

It Soothes the Nerves  
It Rests the Nerves  
It Feeds the Nerves  
It Enables One to Sleep  
It Is Nature's Own Remedy

I don't believe, says Prof. Munyon, that a better remedy for the blood and liver was ever compounded. I have seen sluggish livers that were refused to act under the usual treatments respond in a most marvelous way to the use of Paw Paw.

Paw Paw seems to digest everything it touches, gives it more good, rich blood, which in turn strengthens and vitalizes the whole nervous system.

I want all persons who suffer with dyspepsia or nervous trouble to cast away all other remedies and to give Paw Paw a fair trial. I want every weak and debilitated person to get a bottle of Paw Paw at once and take it according to directions.

I know it will make old folks feel young and weak folks feel strong. I want all persons who feel they are in need of a tonic to drop the use of alcoholic drinks of all kinds and take Paw Paw in its place. People don't crave for stimulants when the stomach and nerves are in a healthful condition. Munyon's Paw Paw gives exhilaration without intoxication.

Munyon's Paw Paw (large bottles), price \$1. Paw Paw Laxative Pills 25c. per box. At all druggists.

## ENGINEERS VISIT DAMSITE

Preparing for Commencement of Work on the Power Canal.

Engineers A. P. Davis and Louis C. Hill, of the reclamation service of the United States geological survey, arrived on Tuesday evening's train and went down to the Salt River storage basin Wednesday morning, accompanied by Mr. Durfee, the cement expert, says the Silver Belt.

Mr. Davis informed us that the contract for the excavation on the power canal, calling for the removal of 600,000 yards of material, was let to Robert Sherer & Co., of Los Angeles, and that for the tunnels along the canal, aggregating 7,600 feet, to John Tuttle, of San Francisco.

No other contracts have been let, but bids for furnishing cement will be opened in Washington on the 29th inst. It is not unlikely that bids will be put in for the manufacture of cement at the dam site, and if the figure submitted is near the estimates made by the government engineers the contract will be given to the lowest bidder.

It is expected that the contractors to whom the canal work has been awarded will begin at once to organize their forces and that work will begin within a few weeks.

Delight follows tasting—Toboggan Maple Syrup.

Seventy-five Navajo Rugs just received at The Curio, Old Mission building, corner Jefferson and Second ave.

## THE ARLINGTON CATTLE CO.

A New Enterprise Launched in the Lower Valley.

The Arlington Cattle company is the official title of a recently incorporated enterprise whose articles went on record Saturday. It is an agricultural and stock raising venture, and one of a sort whose numbers will no doubt increase in this valley as the days go by, for there is no place in the world better adapted to such investment, and with careful handling there is no incentive to offer safer returns. Mining companies may make bigger returns if everything works right, or they may be total failures, but stock raising under the conditions of the Arlington company and similar enterprises here cannot prove a total failure, and ought to return large profits.

The president and general manager of the company is H. M. Lewis, of Mesa city, and the secretary and treasurer is Dr. John Wix Thomas, of this city. The capital stock is \$150,000, and the company has already acquired 1,000 acres of land, with water appurtenant, in the Arlington country west of Buckeye, together with options on a large additional acreage in the event it chooses to buy.

The 1,000 acres includes the John B. Montgomery ranch, which is bought in its entirety, and adjoining property to the amount indicated. About 500 acres of the land is already under cultivation, and will be planted to grain at once. As fast as possible the rest of it will be cleared and planted to alfalfa. The cultivation of this ranch is preliminary to its stocking with cattle, for it is the purpose of the company to raise cattle, and so far as possible their own feed.

In the matter of water, residents of that section claim to have an ample supply. Originally they were a part of the Buckeye section, but a canal was

## THE ANNOUNCEMENT

that we have secured the exclusive sale in Phoenix of

## Queen Quality Shoes

Will interest every lady who appreciates elegance in Shoes combined with a perfect fit, assuming that ease to the feet which imparts a graceful carriage and makes walking a pleasure.

Today—for the first time we will display the new Spring Oxfords in an extensive array of new designs, leathers and shapes—welted, hand-sewed, turn and flexible soles

There are thousands of satisfied wearers who are today sounding the just praises of "QUEEN QUALITY," who recognize their true sterling worth and who are richer in comfort.

Why this great demand for "Queen Quality" Shoes?

The reason is—THEY SATISFY.

They are trim and neat in shape, they are light in weight.

## THEY FIT

They fit as no shoes have ever fitted and THEY HOLD THEIR SHAPE. They are the kind of shoes that a woman who has once worn them, wants again. Try it once.

**Oxfords \$2.50 and \$3.00**

## The New York Store.

Elegant, and Cheapest in Town.

**FLOWERS GALORE—Wreathes from 15c up to \$2.00**  
**THE FAIR, Next to Boston Store.**

FOR PERFECTION AND PURITY IN COOKERY.

**The ENGLISH KITCHEN**

takes the lead. Perfect cooking also means perfect baking. All our cakes and pastry are homemade. Try our mince pie and fruit cake.

Quartzite country looking for some placer ground which their machines would handle, says the News-Herald. They made a test run with a preliminary machine, but found that the placers out there were much spotted, close to bedrock they could work the dirt at a good profit, but inasmuch as the machine must handle all the dirt down to bedrock, it was deemed advisable to look elsewhere for suitable ground on which to make their initial test, this being nothing more than an initial run to demonstrate the machine in dry ground.

The Denver News explained that the machines have been tested there and Dr. Schoenfeldt says that the dirt in that country must be dried before the machine would handle it, and for that reason he desired to demonstrate the machine in ground which is already dry. Hence, the experiments in Arizona.

With the Schoenfeldt party are Drs. Wilson and Leininger and Mr. Habel. Dr. Wilson has gone to Phoenix, and Dr. Leininger is now in Denver, having gone back there via Yuma. The other two members of the party will try some placers near Rich Hill. The first property to be examined will be that of S. E. Fuller.

Mr. McCormick's party consists of Appy brothers and Mr. Redetke. They are investigating the placers in the neighborhood of Wickenburg, having come down there several days looking over the San Domingo wash. Mr. McCormick and the elder Appy were up here Monday conferring with the other party which has been in the field longer.

Both parties seem to be men of experience, and their proposition appears to be very reasonable.

## THE EDNA MAY LOOKS WELL.

Messrs. Lesser and Woods, who went

out to the Edna May mine to let a contract, last week, have returned. Mr. Woods has gone to Phoenix, while Mr. Lesser went on his regular tour of inspection, being a popular traveling man. They let the contract and are well pleased with the looks of things around the camp.—News Herald.

## COLORADO CLUB WOMEN.

At the recent convention of the National Woman Suffrage Association, at Washington, the club women of Colorado had a brilliant inning. One afternoon and evening was turned over to them, and they made good use of it, in telling what the woman's clubs have been able to accomplish by means of the suffrage, in their state.

Mrs. Mary C. C. Bradford, president of the Colorado Federation of Women's clubs was a prominent speaker, as well as Mrs. Sarah Platt Decker. Mrs. Decker has had the presidency of the National Federation of Woman's club urged upon her three times, "which she has thrice refused."

Ex-Governor Adams made a ringing speech, in which he told how woman suffrage works in Colorado, and how it is regarded there after being in operation for ten years.

Mrs. Helen Greenfield, state superintendent of schools in Colorado presented a resolution, sanctioning the bill introduced by Representative Shaffroth of Colorado, establishing a national board to protect children and animals; calling for the endorsement of an international peace congress, general arbitration treaties and for a study of militarism, "since it is a menace to the republic, with a view to obtaining universal peace."

The club women and suffragists of Colorado had urged the presentation of this bill to congress.

Mrs. Maud Nathan, vice president of National Consumers League and Miss Clara Barton also spoke.
